

Windows Laptops/Netbook related

Wireless network does not work after SDI (Snoopy Driver) installed.

Some HP and Dell unit have these issue.

Solution: Go to the official model web site and download the driver and install it. The driver could be older.

Example:

HP 17-G188CA A10-8700P

Broadcom BCM43142 802.11 b/g/n 1x1

Unique solution ID: #1040
